Carron Restaurant is proud to source, where possible, quality Scottish produce for our menu items staying as local as possible. We are fortunate to be in Wester Ross and surrounded by Highland Estates rich in Venison and lochs and rivers with Salmon and Trout. Also being located next to the sea we can find a great choice of seafood from our suppliers. When in season we also use Scottish soft fruits from Tayside for our desserts and sauces such as the berries and red wine served with our Venison. Check our specials board for seasonal favourites like Squat Lobster & Isle of Skye Octopus.
